MAHAVEER UNIVERSITY

LEARNING WITHOUT LIMIT

Vision

To be a transformative hub of academic excellence, fostering innovation, and empowering leaders who shape the future of society.

The vision statement encapsulates Mahaveer University Meerut's aspiration to become a leading institution of higher learning, recognized for its commitment to academic rigor, fostering creativity and innovation, and nurturing socially responsible individuals who contribute positively to the world.

Key elements of the vision statement:

Transformative education: Emphasizes the university's role in shaping individuals with a holistic understanding of their fields, ready to adapt and lead in an ever-changing world.

Academic excellence: Highlights the university's dedication to providing high-quality education, grounded in research and critical thinking, preparing students for success in their chosen professions.

Fostering innovation: Underlines the university's commitment to cultivating an environment that encourages creativity and problem-solving, enabling students to find new solutions and make a lasting impact.

Empowering leaders: Emphasizes the university's mission to develop individuals who possess the skills, knowledge, and values to lead with integrity, responsibility, and a vision for the future.

Shaping the future of society: Highlights the university's aspiration to contribute positively to the world by educating individuals who are committed to social justice, environmental sustainability, and global citizenship.

Mission

To nurture intellectually curious, socially responsible, and globally competent individuals through the pursuit of academic excellence, innovation, and community engagement.

The mission statement outlines Mahaveer University Meerut's commitment to providing a transformative educational experience that empowers students to excel in their chosen fields, contribute meaningfully to society, and make a positive impact on the world.

Key elements of the mission statement:

Nurturing intellectual curiosity: Emphasizes the university's focus on stimulating students' intellectual curiosity, encouraging them to explore new ideas, ask critical questions, and seek out knowledge.

Developing social responsibility: Highlights the university's commitment to fostering a sense of social responsibility in its students, encouraging them to engage with their communities, address social challenges, and promote positive change.

Empowering global competence: Underlines the university's mission to prepare students for a globalized world, equipping them with the skills, knowledge, and intercultural understanding to thrive in an interconnected world.

Fostering innovation: Highlights the university's dedication to creating an environment that encourages creativity, problem-solving, and the development of innovative solutions to real-world challenges.

Promoting community engagement: Emphasizes the university's commitment to actively engage with the surrounding community, fostering partnerships, and contributing to the social, economic, and cultural well-being of the region.

Values

In pursuit of our Vision and in keeping with our Mission, we work to uphold our Values:

- We respect each other and our surroundings by embracing diversity of thoughts, beliefs and backgrounds
- We help strengthen local communities by working effectively together for societal development.

Respect Each Other and Our Surroundings

We aim to cultivate a unified yet diverse community, where everyone is treated with dignity and respect, and where no individual faces disadvantages due to their identity. Embracing a variety of thoughts, beliefs, and backgrounds is essential to our collective intellectual growth, empowering the University to question norms, extend limits, and influence important discussions.

The value of respect in a university setting is fundamental, as it influences the culture, academic integrity, and overall functioning of the institution. In support of creating a more open and inclusive University we will:

Foster a more inclusive and enriching learning environment by embracing and valuing the differences in ethnicity, religion, nationality, gender identity, sexual orientation, and intellectual perspectives among students and staff.

Promote academic freedom and integrity by acknowledging the contributions and rights of others to express and share knowledge and ideas freely, even when they differ or conflict with one's own views thus encouraging open dialogue and critical thinking.

Respect Individuality, be it a student, faculty, or staff member as they bring a unique set of skills, experiences, and aspirations. Respecting individuality means recognizing and supporting each person's potential and contributions without bias.

Respect for the Environment through implementing and promoting sustainable practices on campus, in research, and through academic programs.

Upholding the university's policies, ethical guidelines, and legal standards is essential for maintaining an orderly and safe environment where all members can thrive.

By upholding respect as a core value, we not only enhance our educational and social environment but also prepare our students to be thoughtful, ethical, and responsible leaders in the broader world.

STRENGTH

- State of the art infrastructure for a holistic educational experience.
- A vibrant campus life filled with activities and engagements.
- Strong industry linked curriculum.
- Well-structured Outcome Based Education Curriculum.

OPPORTUNITIES

- Multi-disciplinary University with the scope to offer opportunities breaking the traditional boundaries of science, arts and commerce.
- Opportunity to scale up.
- Location advantage.
- Various renowned collaborations with reputed Universities, Industry, NGOs & Govt. Institutions.

CHALLENGES

- Adapting to new regulations and policies.
- Keeping global relevance in a changing environment.
